Description:

This story is from Rei Perspective.

Translator note: If you had come here first, please go back and read “Genjitsuda to Nishiki shi teru Shojo” first because this part contained major spoiler.

This is R-15. Not that explicit but it is a bit Yuri-ish (in the sense of mental rather than physical) So if you are uncomfortable with it, please do not proceed.

Genjitsuda to Nishiki shi teru Shojo

(Rei perspective)

“Hai, Rei. A~n.”

“A...n.”

I munched the friend egg which was offered to me.

The taste slowly spread over my mouth and it was very delicious.

“Is it delicious?”

“Hmm.”

Sitting side way on my knee, with chopsticks and lunch box in her hand, is my lover and girlfriend, Shigeru Anra Yuki.

She smiled softly and happily at me. So cute.

Behind that cute, cute, cute, cute, cute Yuki, a battle is currently going on.

All of Yuki's classmate is currently defending themselves from the assault by the attackers as they tried to capture their target.

I am a reincarnate person.

Moreover, I am the existence of the rival character of [Mahopuri], Minazuki Rei.

However, I did not know what God had been thinking of at that moment, but he had made me a man.

Because of the weird feeling I got from my crotch... I turn down to look at it and saw it. This lead me to regain my past memory at the age of three

However, because I was weak, I have been wearing feminine clothes with the intention of helping me to become healthy.

Even the adult who had been participating in the party knew about it.

Even so, there is a character that I had liked from this game.

Hikawa Ryo.

The first time I saw him, I was pleased to see the small version of Ryo.

I was so pleased until I realized something.

I did not fall in love with Hikawa Ryo as what is expected.

I was stunned myself.

Moreover, my sex is a male.

Therefore, it is impossible for sure.

Ryo who did not know such things ended up proposing to me.

I guess it was my fault for being ambiguous.

From that day on, that boy keep saying that I am his fiancée.

I tried to solve the misunderstanding, however before I could do it, I was down with cold which lead to pneumonia.

Then it was already too late.... Ryo completely thought that I was his fiancée.

I cried in dual sense. That time

.

After that, it was decided that I will continue to wear female clothing outside.

When I entered this school, I am still wearing it.

However since my body is a man, it seems that it begin to affect me a little bit.

Since it feels so hot, I was lamenting about it at the garden.

“What’s wrong?”

I turned to the direction of that soft voice and was surprised to see Yuki.

Red eyes with jet-black hair

There is only one person who have such hair color in this school.

The hidden character, Shigeru Anra Yuki.

He was a dark attribute wizard which will not appear unless you caught one character for ten times.

However this Yuki is a woman.

I was surprised seeing this irregular scene when that girl began to wipe the tears that gathered in my eyes.

“Do not cry so much. If not, this beautiful eyes will melt.”

At that moment, I fall in love with Yuki disregarding the soul of Yuri.

I was able to enter the engagement with Yuki because this body belong to a man.

But I want Yuki to fall in love with me.

So I worked hard.

I invited her for a date, since she know about my own situation, I tried to make her conscious over the fact that I am a man.... Thank you very much my previous life's boyfriend!!

Then, I decided to confess when I realized that I had fall deeply in love with her and she accepted my confession.

I was so happy that I pushed her down without thinking and done the deed till the end.... Afterwards I was down to a Dogeza as I asked for her forgiveness.

I am glad that I used a sound-proof tool on that empty classroom.

Ma~ Yuki murmured to herself that [If I can conceived a child with this one shot, then I can be together with Rei] without any feeling of angry.

Rather, she kept inviting me, and because she look so cute, I can't stop my brake and did it for another five times.

Seeing that Yuki fainted during the last round, I knew that I had gone overboard and thus reflected on it.

I am still a student and she is still not yet my fiancée, therefore it will be dangerous if I impregnated her with my child, therefore it was good that I could not do it at that time.

Even when the reincarnation heroine came, I ignored her as I continued to mess around with Yuki, I thought by doing this I could fit in.

And towards the marriage proposal from my house, the house of Shigeru Anra quickly make a follow up.

It was such a good timing.

I am not complaining, right now I can spend my time loving Yuki without worrying about anything.

I can also resolved the misunderstanding of that four-eyes.

What's more I can also return to my male appearances.

It is likes killing three birds with one stone.

I was quite surprise that Yuki is also a reincarnate person

“They are aiming for my lovely fiancée!”

“It can't be helped; for them, it is okay for us to marry in this world.

Besides that, I have the dark attribute.”

So.

The dark attribute is rarer than the light attribute.

Therefore for the sake of this two attributes, they are pursuing the marriage between the Heroine and Yuki.

However.

“Yuki is mine.”

This is the fact.

I love Yuki.

That’s why I am unhappy.

Yuki softly smile.

“I know. That’s why those idiot tried to renounce it. They tried to confine me with that woman and ordered us to make a child...”

I remember those words.

By the way, my older brother and sister as well as my younger brother and sister are better than me.

So we will be okay.

The Shigeru Anra family is also the retainer of the royal family, for sure.

“Yuki, I love you.”

“Me too, Rei.”

Author note: Fujimiya is already been confined earlier.

Translator Note: Rei you are such a beast Σ(ΦдΦlll ... Though it is so absurd, I decided to post it just for the sake it is a couple with the previous short story. oh well...
